## The Composer

SHARE **Superior** Cable Match Table

The Ecosse Composer Interconnect is the cheapest cable on the planet to offer audiophile-quality **Monocrystal™** ultra-pure conductor material, which it does so in the more important 'going' conductor.

This conductor is **multistrand, rope-lay woven** with a superb Polyethylene dielectric insulator. Superior double shielding of Aluminium/Mylar foil and an OFC braid- to reduce radio frequency 'noise' - and direct gold-plated SUPERIOR plugs ensure a high performance-to-price ratio.

Thus, for the first time, our multi-award winning **Monocrystal™** copper conductor material becomes available in a high quality, ridiculously low-cost interconnect.

This superb interconnect garnered its first 5-star, 'Best Buy' Award in Hi-Fi Choice Magazine, and then What Hi-Fi? Sound and Vision Magazine further confirmed its 'Best of Test'/5-star review status with a stunning appraisal of its capabilities. Their conclusion? **"...this is a stellar interconnect...its easily our cable king!"**

This cable is perfectly at home in Hi-Fi or AV systems where sound quality from the basic cables supplied leaves much to be desired. Immediately you will perceive greater dynamics coupled with a level of detail and ambience not available with inferior interconnects.

The Composer cable synergises well with all our CS-range of loudSpeaker cables. For a complete perspective on cable synergy go to our [cable-match synergy table](#).

### Technical Specifications

- Monocrystal™/UHP-OFC™ Copper coaxial construction
- Aluminium-Mylar + close-lapped UHP-OFC™ braid - double screen
- Rope-lay woven signal conductor

### Reviews & Testimonials

"...the Composer is clearly at the top of this particular pile - and a definite Best Buy. The Composer stood out as offering a high degree of realism and clarity ... The sound was uncannily clear."

HI-FI Choice Magazine, UK

"... this is a stellar interconnect ...its hard to believe the price tag."

WHAT HI-FI? Sound and Vision Magazine, UK

"The Composer, a very beautiful - "jewel" - cable with top construction, despite its low price...Composer is a top choice for the value of money..."

WHAT HI-FI Awards, UK

"...a beautifully constructed cable with exceptionally high quality phono plugs."

HI-END Opontiaem, Greek Magazine

- Superior ultra low-loss Foamed Polyethylene dielectric
- 6mm circular o/d soft vibration-absorbing low density LDPVC sheath
